SPRING 2011 AUCTION RULES

EVERYONE IS WELCOME, BUT YOU MUST PAY THE AUCTION REGISTRATION FEE IN ORDER TO BUY AND SELL.

Items are accepted at seller's risk. TCA cannot accept responsibility for any item's safekeeping nor its condition either before or after the sale.

Once they are registered, all for-sale items become property of the TCA and cannot be withdrawn from the auction.

Each seller is allowed to sell 40 bags of fish, with a maximum of five (5) bags of any one species or color strain.

All fish are expected to be bagged properly. NO ZIP-LOCK BAGS ALLOWED! Seller will be charged \$2.00 for each bag of fish that requires rebagging.

BIDDERS: Know what you are bidding on. All items are available for inspection prior to the auction. Take the time to examine each item so you positively know what it is <u>BEFORE</u> you bid.

Each bag must include fish species, quantity, a description if appropriate (breeding pair, trio, sex, etc.), assigned seller initials and a **unique** bag number (do not put your buyer number on each bag as the bag number). If you're selling 10 bags, your bags should be numbered 1-10. The information must be legible--use black lettering directly on the bag or lettering on a white label on the bag. Make sure you use permanent markers that won't run or smear when they get wet. Example of how your lettering/labels should read on the bag:

MLE #1 Altolamprologus calvus "Zaire Black" F1 Breeding Pair

Adult males and females of the same species should be bagged separately and the bags attached together.

Priority colored dots will be issued at registration. Place one dot on each item for sale. At the beginning of the auction, one color will be drawn at random. The items with that color dot will be sold first. After all the items with that color dot are sold, another color will be drawn. This will continue until all items are sold. Each bidder must register and be assigned their own bidder number. TCA will not split items sold under one bidder number between multiple bidders at checkout time. **Each bidder** is responsible for **EVERYTHING** bought with their bidder number.

When an item is sold, the runner will bring the item to the buyer, along with a sales verification form, which the buyer will initial. No one will be allowed to remove any auction item from the auction room unless proof of payment is shown. Your proof of payment is your paid auction receipt.

Once you have cashed out, you will no longer have a bidder number. If you want to purchase other items, you must be issued a new bidder number (there is no additional charge for the second bidder number).

The auction chairperson retains the right to reject any fish not fit for sale (sick fish, deformities, hybrids, etc.).

SILENT AUCTION RULES

You must have a bidder number.

Each item in the silent auction will have a bidder's sheet. The sheet contains an item number, a description, a starting minimum bid, and an "open" and "close" time. If you wish to bid on that item, enter your bidder number, your name and the amount you wish to bid on that item.

You may bid any amount you wish, but your bid must be at least \$1.00 more than the previous bid. BIDS MUST BE IN WHOLE DOLLARS ONLY. BIDS NOT IN WHOLE DOLLARS WILL BE IGNORED.

The closing of an item will be announced a few minutes before closing to allow final bids. Once an item is closed, no more bids will be accepted. Upon the close of bidding, the winner of each bid will receive their item and may either pay for it at that time or put it on their "tab" for the live auction.

All items must be paid for and removed from the hotel by the end of the live auction on Sunday.

<u>NOTE</u>: All plants will be sold in the silent auction; however, they must be bagged and marked as if being sold in the "live" auction (see bagging and labeling instructions above). Plants are *not* be considered donations; regular auction split will apply.
